

Evan Hausler, CMMC-RP Cybersecurity Specialist

Evan Hausler joined Vestige in 2023 as a Cybersecurity Specialist. In this role he assists our Cybersecurity Analysts in preparing client deliverables, administrative documentation, and process improvements.

This includes communicating required actions and updates to Vestige cybersecurity clients. He will contribute to developing knowledgebase articles and guides/documentation. The position also involves maintaining internal documentation for Assessment and Remediation engagements, capturing information about the IT environment, security weaknesses, priorities, compliance standing, next steps and more. This role also involves updating internal references for the cybersecurity team.

Evan is a 2019 graduate of Medina High School and the Medina County Career Center's Cybersecurity & Forensics Program. He is currently attending the University of Akron to earn a Bachelor of Science Degree in Cybersecurity and plans to graduate in December of 2024. He has two certifications: Microsoft Database certification and is a Cyber AB – Cybersecurity Maturity Model Certification (CMMC) – Registered Practitioner (RP).
